Dear Corporate Partner,

On behalf of the Society of Utah Medical Oncologists (SUMO), we are writing to ask your consideration in renewing or becoming a Corporate Member for the 2026 SUMO Membership year. Membership is active from January 1 through December 31, 2026.

SUMO works as a liaison between oncology providers, state, and federal lawmakers, ASCO, corporate members, and the insurance industry. SUMO is an inclusive representative body of all cancer care providers in the state of Utah. Whether it is in the form of educational meetings, web-based resources, or advocacy efforts, SUMO strives to create effective methods to facilitate education, advocacy, communications, and a sense of community among our interdisciplinary members.

Our members include medical oncologists, hematologists, radiation oncologists, physician assistants, advanced practitioners, and oncology nurses. SUMO's membership also includes surgical, neuro, and gynecologic oncologists, radiation therapists, dosimetrists, fellows, residents, practice administrators, and ancillary staff that are involved in providing care to oncology patients throughout Utah. Our targeted efforts reach all members of the cancer care team.

In 2026, SUMO will host three in-person conferences (March, June, and September) and offer the monthly Supportive Oncology Care webinar series. Additional events may be added during the year with notification to our active Corporate Members. Corporate Members are invited to participate and exhibit at our in-person conferences to meet and exchange ideas with SUMO members and external guests at the local, state, and national level. In an effort to balance the ratio and provide exclusive opportunities for interaction with SUMO healthcare members, SUMO offers exhibit opportunities to Corporate Members only. SUMO's March and June conferences will be held at the Grand America in Salt Lake City, and the September conference will take place at The Pendry in Park City.

A list of available Corporate Membership levels and benefits is included in this packet for your review. Should you have questions, please reach out and we will be happy to assist. Renew early to take full advantage of all the benefits available.

We look forward to your continued support and participation in 2026!

Be well,

Robbi-Ann M. Cook, CAE
Executive Director

New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

Purpose of Form
